👤 Profile

I am an aspiring specialist with a strong interest in Frontend Development, Data Analysis, and .NET. I am actively learning and developing my skills in programming and working with data. I pick up new tools quickly, enjoy exploring technologies, and always strive to complete tasks thoroughly. I am looking for an internship or entry-level position where I can apply my knowledge in practice and continue growing in the field.

👜 Professional Experience

09/2024 – 02/2025	Programmer <i>Pcklub J9</i> <ul style="list-style-type: none">• Crimped and installed Ethernet cables (twisted pair) independently• Replaced and installed computer (network) wall sockets• Configured internet access for users• Helped troubleshoot basic networking and hardware issues• Created a simple bot for internal use	Kosice, Slovakia
